

# LET THE CHILDREN COME...

June 4, 2023

## MESSAGE RECAP

This week we had a Guest Speaker, Jeff Mulpas, from Alpha Christian Children's Home – a ministry in Perry, KS that serves children who need a safe place to live who have been abused, neglected, orphaned, homeless or poor. Jeff shared about the calling that he and his wife have to serve Alpha, but the simple call that we all have to serve with a simple, compelling faith.

## GROUP DISCUSSION

1. Jeff described himself as a "farm boy from Ohio". He said there is nothing special about the staff at Alpha, they have just decided to follow the Lord by serving kids. How do you relate with Jeff and the rest of the staff?
2. Jeff described how his faith was shaped by teaching from his home church in Ohio. Everything from prayers for the Lost, to teachings about how much our Lord loves every single person, brought him to the point he said, "Here I am Lord, send me." How can we invest in our kids in our families and church so their faith is contagious as well?
3. Jeff spoke of how we will never lay our eyes on a person that does not matter to our Lord? Who do you find yourself avoiding, or feeling like they would never connect with Jesus anyway?
4. We learned about simple, childlike faith. How is our faith either childlike, or complicated? How do we balance childlike faith with growing in Christ and developing spiritual maturity? How is childlike faith attractive to a lost world?
5. Our Lord wants to bless not curse. He wants to seek and save, not condemn. How do you view God? Loving? Generous? Condemning? How do we need to view our Father in heaven?
6. Dream together just how good it will be to be blessed by Jesus and able to be with him some day!
