

RULE OF LIFE: WITNESS

December 8th, 2024

MESSAGE RECAP

This week's message focused on being a witness. We explored how living a life centered around Jesus – our “Rule of Life” – enables us to share our story of transformation with others. A witness in the biblical sense involves sharing what we've seen, heard, and experienced of God's work in our lives. Using Acts 1:8 as a foundation, the message outlined the call to bear witness in three areas: our close relationships, community, and the broader world. By living a consistent and impactful life, we testify to our hope in Christ, inviting others to experience him.

GROUP DISCUSSION

1. How are you...really?
2. Share about a time you witnessed something amazing or unexpected. What impact did it have on you?
3. Read Acts 1:8: How does Jesus' call to be His witnesses challenge or inspire you in your current relationships, community, or the broader world?
 - a. Who in your “core” (close family or friends) could benefit from hearing your story of faith? How might you witness to them through your life, words, or prayers?
 - b. Where in your community are you already attending that could be a place to witness? (i.e. Work, School, Social Network, Ball Games, Band, etc.)
4. Read 1 Peter 2:12: What does it mean to let your life be a witness? How can you live in a way that points others to Christ?
5. Read 1 Peter 3:15: In what ways does this scripture give you confidence in being a witness with your words?
 - a. Have you had an opportunity to share your hope in Jesus with someone? What made it easy or challenging?

End your group time in prayer.
